Bridal @ Wedding Favours

When it comes to wedding favours – I..do.. is the perfect bridal gift.

By choosing an I..do.. polish, you are giving each guest something different and unique. A lasting memory of your special day, a refreshing alternative to traditional almonds or chocolates.

There are 26 beautiful shades in the range to choose from, or you could use our bespoke colour matching service.

The polish can be matched to your gown or colour theme of the wedding, alternatively, it can simply be your favourite colour. We have a colour library of thousands of shades and finishes – including some of the rarest pearlescent effects and intense colour shades.

There is an initial charge for this service deducted from the final cost.
The minimum order is 50 bottles, contact us for further details.
